

How to Search for a New Table ID Without Losing Selected Geographies and Other Previously Selected Filters

You can access the data at data.census.gov

STEP BY STEP INSTRUCTIONS:

Step 1: Using the Advanced Search, add your desired filters to your search to find the first table that you need. In this example, we've located S1901 for multiple counties in Oklahoma.

The screenshot shows the Census Bureau Advanced Search interface. On the left, under '15 Filters', the 'Income (Households, Families, Indi...)' filter is selected. Below it, four Oklahoma counties are listed: Alfalfa County, Beaver County, Canadian County, and Cherokee County. The main results area shows '424 Results' for the 'American Community Survey' table 'S1901 | INCOME IN THE PAST 12 MONTHS (IN 2019 INFLATION-ADJUSTED DOLLARS)'. The table is for '2019: ACS 5-Year Estimates Subject Tables'. The right side displays a data table for 'Alfalfa County, Oklahoma' with columns for 'Households', 'Families', 'Estimate', and 'Margin of Error'. The table includes rows for 'Total', 'Less than \$10,000', and '\$10,000 to \$14,999'.

Label	Estimate	Margin of Error
Total	1,870	±103
Less than \$10,000	5.8%	±1.9
\$10,000 to \$14,999	5.3%	±1.5

Once you are ready to find the next table while keeping the same filters that you already selected, navigate to the left side of the screen and click on the 'x' found at the end of the Income filter chip. This will remove the Income filter from the search, freeing you up to add other topic filters or search for a specific table ID.

This screenshot shows the same Census Bureau Advanced Search interface, but the 'Income (Households, Families, Indi...)' filter has been removed from the '15 Filters' list. The '424 Results' section still shows the 'American Community Survey' table 'S1901 | INCOME IN THE PAST 12 MONTHS (IN 2019 INFLATION-ADJUSTED DOLLARS)'. The right side displays the same data table for 'Alfalfa County, Oklahoma'.

Label	Estimate	Margin of Error
Total	1,870	±103
Less than \$10,000	5.8%	±1.9
\$10,000 to \$14,999	5.3%	±1.5

Step 2: For this example, we want to look specifically for a different table. To do this, navigate to the top of the screen and enter the ID for the new table into the search bar at the top. Then hit the Search button found at the end of the search bar.

Step 3: To switch to yet another different table using the ID, without losing the selected geographies, navigate back up to the search bar at the top of the screen, delete the B17001 table ID from the search bar, and enter the new table ID. Once that's done, hit the search button found at the end of the search bar.

The screenshot shows the Census Bureau website interface. At the top, the search bar contains 'B27001' and the search button is highlighted with a red box. The left sidebar shows '15 Filters' with a list of 4 counties in Oklahoma: Alfalfa County, Beaver County, Canadian County, and Cherokee County. The main content area displays the table 'B17001 | POVERTY STATUS IN THE PAST 12 MONTHS BY SEX BY AGE' from the American Community Survey. The table includes columns for Label, Estimate, and Margin of Error, with data for Total, Income in the past 12 months below poverty level, and Male, broken down by age groups.

This brings up the new table, B27001, but still includes all 14 geographies that we selected earlier.
